Health Facility Incharges

RE: COMBINED FY2022/23 CYCLE 3, 4, 5 & 6 DELIVERIES OF ESSENTIAL MEDICINES AND HEALTH SUPPLIES.

As you may know, NMS commenced delivery of Essential Medicines and Health Supplies (EMHS) for FY2022/23 late due to late release of operational funds. In a bid to catch up with the lost time as per our delivery schedule, NMS has effected combined delivery for EMHS according to the following schedule:

- HCII's and HCIII's: Cycles 3 & 4 for EMHS and cycles 3, 4, 5 and 6 for program items.
- HCIV's: Cycles 3, 4, 5 and 6 for EMHS and program items.
- General Hospitals will receive Cycles 5 & 6 for EMHS and program items then Regional Referral Hospitals and National Referral Hospitals will be considered according to the published delivery schedule.

By copy of this communication, you are requested to ensure safe custody and proper management of the larger quantities of the Items that will be received. Thank you for your usual co-operation.

Yours faithfully,
NATIONAL MEDICAL STORES
